EXPERIENCE

TECH UNLUCK NIGERIA: Cohort 2

Applied Artificial Intelligence (AI) cohort. I was able to build a predictive model Using AZURE. Build face dection Application Using OpenCV, Conversational AI(Chatbot) using python Flask.

SI IMPERIUM: ICT EXPERT

In my previous role at SI IMPERIUM, I successfully spearheaded a website (<https://benuejudiciary.org.ng/>) overhaul project that resulted in a 30% increase in user engagement within the first three months. This achievement not only required a deep understanding of web development and user behavior but also demanded effective collaboration with cross-functional teams to ensure seamless implementation of website changes.
